RE: EDWARD MUSSEY – Social Security #: 002-32-0644
Group Policy Number 27578

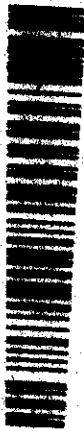

Dear Ms. Aitchinson:

Enclosed at long last please find the NH Fish & Game Department Investigative Report in this case which unfortunately is still inconclusive as to cause of death. On behalf of the Estate of Edward Mussey and his widow, Linda Mussey, we are requesting an additional 180 day extension of the review period so that we can supplement this file. I have spoke with Linda Mussey and she has agreed to retain an independent medical examiner to review the State of NH Autopsy as well as the Fish & Game Report to see whether a conclusion can be made as to whether the death was accidental. We believe that 180 days should be sufficient for us to engage a medical examiner for this purpose.

Very truly yours,

Christopher J. Seufert, Esquire
